

Rooms Activity

Assignment:

You now are aware and have knowledge of the common styles of homes. Now it is time to use the information you know about home and study the rooms that make up all of these home. Your job is to create a document that describes (size, locations, functions) each of the main rooms in the home and gives a picture of your dream version of each of these rooms. Each room has a specific function and locations that it works best. Proper location and size of these rooms makes or breaks a house.

Requirements/Restrictions:

- All rooms/areas represented (12)
- Dream photo of each
- Name, and 4-5 sentence description of each rooms location, size, and function
- Submit finished document to the O Drive or share through drive
